## What our patients say about us...

I am writing to tell you how grateful I am that you received and hosted me at your Nursing Home in Kerala, India. The competency of you and your team was most comforting and I couldn't have been more grateful for the level of care rendered to me. I have gone away with the fondest memories of my visit there, but most importantly, with the firm belief that the work you do is so important and you excel at it.

My family and I will forever cherish your service.

- Festus Gontebanye Mogae  
Former President of The Republic of Botswana

"A real treat while in retreat with hospitality, tender love and care. Home away Home. Keep up the good work and high standard. May you grow from strength to strength."
